

ATTENTION NEW PATIENTS

Congratulations on your new baby!!!

We wanted to give you a friendly reminder to call your insurance company and add the baby on to your policy. Also, remember if necessary, to choose a primary care physician (PCP) for the baby. Many of our patient's don't realize that you only have (30) days after the baby is born to make these changes or the insurance company may deny the claims.

So, please help us to assure that everything is in order so that your insurance company will pay the maximum benefits available to you.

If you have any questions, please feel free to ask any of our office staff members and they will be glad to assist you.

Thank you for allowing us to participate in your child's medical needs.
